Teaching tips: Opposites

• Chinese opposite words can be introduced with general objects that you have at home or in the classroom.
• Kids love to play with opposite words with their height.
• Use numbers to compare with opposite words, big and small.
• Use colors like black and white.

1. Opposites Around You
• The focus of Step 1 is to present the new words and expressions.
• Visually present a pair of opposite words to the children and use the words in the sentence.
• Point and pause. You will see if they catch the opposite words with the objects you show.
• There are 6 basic pairs of opposite words and you can use the lesson play cards to generate curiosity!

2. Opposite Search
• The focus of Step 2 is to make the repetition communicative and playful.
• Sorting for opposite objects, people, colors, food,... are exciting!
• Kids are always so excited for Opposite Search activity in my class.

3. Play with Opposites
• Game time! Use the bookmarks and play cards.
• Movement with an upbeat song to show and tell a pair of opposite words!
• Create more play cards (see printables).
• Best one - go outside and explore the opposites all around!
Opposites

Traditional Chinese with pinyin support
